QUESTIONS TO ASK ABOUT GOING BACK TO SCHOOL

1) How many COVID-19 cases are there in my school’s town?
2) What is my child’s risk of getting COVID-19?
   a. High Risk (Ex: child has diabetes, asthma, etc.). Click here for a list of what may make someone high risk.
   b. Low Risk (no known health problems).
3) How will the school protect my child (masks, physical distancing, smaller classes)?
4) Will classes be: at school, at home/online, or both?
5) Is there another reason your child needs to be taught at school/in person? (Ex: special education needs, parent must go to work, etc.)

- Things to do to lower/slow the spread of COVID-19

OTHER NEWS & INFORMATION

SURVEY ON PREGNANCY EXPERIENCES

Help make health care better for Deaf and Hard of Hearing women.

You must:
- Be 21 years old, or older
- Be Deaf or Hard of Hearing
- Have given birth in the last 10 years
- Have 30-40 minutes to answer the survey

Questions will ask about your pregnancy and when you had your baby. You will be entered into a raffle for a $50 gift card! Remember, it is ALWAYS your choice to be involved in research.

Watch ASL Vlog here. Survey available in ASL, English and Spanish.

Click here to take the survey.
WHAT IS THE “SUMMER SLIDE”? 

The Summer Slide is when kids forget what they’ve learned at school while on summer break. There are things you can do to help stop the Slide!

5 Ways to Head Off the Summer Slide

FILL KIDS’ SUMMER BREAK WITH READING!

It’s a fact: Kids who don’t read over the summer fall behind their peers when school starts up again, and the effects of this “Summer Slide” can last a lifetime.

- Kids can lose about two months of grade level equivalency in math and reading over the summer.
- Summer Slide hits low-income kids the hardest, resulting in a significant achievement gap.
- Over time, this loss can create a gap of 2 to 5 years by the time kids reach high school.
- Teachers spend 4-6 weeks of a new school year re-teaching older material.

TIPS to Prevent Summer Slide:

1. Encourage kids to read at least 15 minutes every day to expose them to one million words each year.
2. Take advantage of your local Jacksonville library location’s daily 15-minute Drop Everything and Read program.
3. Attend story times and events with your kids! Find dates and times here.
4. Transform car rides into reading time with free audiobooks to interest every kid.
5. Ask a librarian for help selecting books that match your child’s age, abilities and interests.
10 WAYS TO CELEBRATE SUMMER IN YOUR BACKYARD

In keeping with family safety and social distancing this summer, here are some tips to transform your backyard into your kids' personal play land.

SHOW TIME
Use a clothesline and a sheet as a backdrop for a stage — turn your kids loose to get creative and put on a show for you. Record with your phone to share with grandparents and other family.

COOL OFF
Set up a wading pool and sprinkler hose to cool off on hot days.

TO THE MOON
Find a large box and break out the art supplies to create a tunnel to outer space.

SECRET HIDEOUT
Help kids create a fort with materials you can find around your home.

CREATE
Ask your kids to write and illustrate a story for the family. Share on social channels.

CHALK IT UP
Create uplifting messages with chalk art on your driveway.

ON THE HUNT
Create a scavenger hunt list; charge each child with finding something green, blue, yellow, etc.

FAMILY WALK
Go for a family walk around the block, taking note of the birds, flowers and clouds along the way.

ICE CREAM
Create no-churn ice cream as a family and enjoy at night under the stars. Point out the constellations you can see from your backyard.

READY, SET, GO
Set up an obstacle course using hula hoops, jump ropes and other obstacles to crawl through. Time each child to award a winner.
HOT CARS - BEWARE

Heat Related Deaths ARE Preventable
