Nursing Home Initiative & Money Follows the Person Demonstration (MFP)

Center for Living & Working is ready to assist residents living in an institutional setting such as; nursing homes, hospitals, or intermediate care facilities to return to living independently in their community with the necessary added support for a quality life style. Our Nursing Home Initiative and MFP programs are two services aimed at achieving this. The Nursing Home initiative is in line with the State's commitment to Community First, supporting residents of Massachusetts of all ages and disabilities offering additional support services so they can successfully return to living within their community for as long as they choose. The MFP Demonstration is a voluntary program designed to help individuals who live in facility-based settings such as nursing homes, hospitals, and intermediate care facilities for people with intellectual disabilities (ICF/ID), to return to their homes and communities.

CLW has trained staff experienced in assisting individuals with a successful transition out of a facility back into the community.

Support offered includes:

- **Determine what kind of residential options are needed and available by working closely with the consumer**
- **Assist and provide support with housing searches**
- **Make referrals for in home care to include personal care management**
- **Explore, connect and explain community services available**
- **Advocate for needed resources when obstacles arise**
- **Continued support after the transition**
- **Financial assistance when transitioning, for household items, and/or assistance with initial housing related deposits.**
- **Facilitate the transition**

Options Counseling

Options counseling (OC) is a statewide initiative supporting people and their choices of where to live and receive services. OC is offered as a free service through the Aging and Disability Resource Consortium (ADRC) of Central Massachusetts.

MASSHEALTH PERSONAL CARE ATTENDANT PROGRAM

This program is designed to offer qualified consumers personal care assistance (PCA) with activities of daily living (ADLs) such as:

- **bathing**
- **dressing**
- **toileting**

and instrumental activities of daily living (IADLs) such as:

- **laundry**
- **shopping**
- **housekeeping**
- **meal preparation**

allowing them to be more independent regarding the choices that impact their lives.

Consumers receive education, training and ongoing support from our trained skills trainers on how to manage their own personal care program by hiring their own PCAs, which allows them both the right and the responsibilities of independence. PCAs assist with ADLs and the IADLs at the direction of the consumer.

The consumer is trained to be the employer and the PCA works directly for the consumer.

You may apply for the PCA Program if you are eligible for MassHealth Standard or CommonHealth.

Our trained staff includes skills trainers, registered nurses and occupational therapists that will be available to help the consumer navigate through MassHealth approval process.
